1947—48 HEMEROCALLIS, List

This list cancels former lists.

AMARYLLIS GARDENS, 15 Sereven Ave., N. E. Atlanta, Ga Phone WA. 7848

HEMEROCALLIS (day lilies) are extremely hardy, does well in any type soil, in full sun or partial shade. The new Hybrids, with their prolonged blooming season have their place in all well appointed gardens. They never have an off season, never disappoint, never too wet or dry, neglect does not prevent blooming. An ideal plant for those with limited garden work hours.

Many have two blooming periods, others bloom continuously all summer. They are truly most colorful, yellow from palest shades to deep orange, bright red to deep mahogany, maroon and maroon with black eyezone, others with combinations of pink, rose, purple, pastels and delightful bicolors, (petals richly colored, alternated with clear light sepals) These come in many shades, see list.

Should you have a spot in the garden needing brightening up or that the hose does not reach, try a few of our lighter colors, They will bloom under trees if shade is not too dense.

We cross pollinate in view of producing new shades and markings. Our seed surplus can be had @ \$1.00 per 100. 1 year seedling plants @ \$3.00 per doz. A color range of unlabeled blooming size plants @ \$5.00 per dozen.

No chemical fertilizers are used on our plants, We make and use compost which is far better as a plant food, better blooms and more rapid increase of plants, they come to you with a fine root-system assuring rapid growth. We have never been called on to replace a plant that did not do well.

Many letters are received from those never having seen others than the old varieties of yellows. To introduce to these flower lovers the newer ones I have selected a color range to be proud of. This special collection is 2 PURPLE WATERS, 2 SANTA FE, 2 PRIDE OF HOUSTON, 1 MARY GUENTHER, 1 SEVEN SEAS, 1 SPITFIRE and 1 OLD VINTAGE all 10 plants, singly listed @ \$2.00 each. Yours for only \$10.00. For \$5.00 we will give you this SPECIAL, 1 PURPLE WATERS, 1 SANTA FE, 1 PRIDE OF HOUSTON, 1 MARY GUENTHER, 1 MARGARET PERRY, 1 FULVA MACAULATA, all 6 for \$5.00 plus 25c for postage. We prepay postage on all orders over \$2.00 except on the above \$5.00 Special.

To those interested in this wonderful plant, I urge you to join the Midwest Hemerocallis Society. The Year Book for members worth many times the yearly dues of \$3.00, Mrs. Daisy L. Ferrick is Secretary, 406 Arter A. Topeka, Kansas.

* Indicates limited stock, late orders please give

second choice.

*** 3 plants for the price of two of same variety A SPECIAL.

(E) indicates evergreen, (D) Deciduous.

ANNIS VICTORIR RUSSELL— Huge well branched canary blooms, April & September 3½ ft. \$2.00 (E).

*ATHLONE-- (Russell) We consider this the finest bicolors yet produced. The demand is so great we will not offer more until 1948.

AUGUST PIONER--- (Stout) Late bloomer, Chrome yellow, reddish flush, 3 ft. 75c.

BAGDAD— (Stout) Rich brown & red tones, 4 ft. May - June 50c.

BIJOU— (Stout) Small but many bright blooms, orange overalid bright red, (D) 50c.

BLACK PRINCE— (Russell) Deepest Maroon with large black eyezone, a bloom of fine proportion, Petals & Sepals wide, 3½ ft. \$5.00 (D).

CABALLERO— (Stout) A large bicolor, ruffled vermilion petals, light canary sepals. 4 ft. July-August, \$2.00 (E).

CINNABAR— (Stout) Orange sprinkled cinnamon, Fragrant, 2½ ft. July - August 50c.

CHENG TU— (Stout) Bright orange red, more red in midzone, Summer & fall, 3½ ft. \$1.00.

CHISCA— (Fisher) Petals Rosy red, sepals yellow abundance of medium size blooms one that is different & attractive, Midsummer, 3 ft. (D) \$1.50.

*DOMINION— (Stout) A fine new dark color, rich reddish brown, medium large blooms, a summer bloomer, 3 ft. \$2.50 (Semi - E).

J. R. MANN— (Butcher) Trumpet shaped deep yellow blooms, an old standby favorite, excellent to brighten a dull spot, May - June - July 3½ ft. 50c (D).

FLAVA (Species) one of the scented small varieties which fit in so well, the bright lemon shade brightens the foreground, 25c (D).

FULVA MACAULATA— (Species) The blending of yellow & burnt copper makes this one most attractive, the 4 ft. makes it outstanding with tall plants, (D) 50c.

*FULVA ROSEA— (Species) Without question the best of the wild species, Flowers a pleasing rosy pink, generally priced @ 4 to 6 dollars, my price, \$3.00 (D).

*FLORHAM— Soft yellow, beautifully frilled, scented, 3 ft. (E) 30c.

* GEORGE KELSO— (Trab) Blooms 5½" heavily ruffled, soft light orange suffused with bronze, sepals a little lighter, early bloomer, 3 ft. \$2.50 (E).

GRANADA— (Trab) One of those soft blended ones, the deepest color is light mahogany with a pleasing blend to outer portion of petals and sepals, words do not describe the beauty of this one, for soft colors it cannot be beat, \$2.50.

HYPERION— (Mead) pleasing soft canary yellow, midsummer, 4 ft. 50c.

IMPERATOR— (Perry) Large star shaped petals, pointed segments of rich orange, sulphur lining, 4 ft. May - June 35c (D).

KWANSO FLORES PLENA VIRGINICA— (Species) A triple petaled flower, orange copper shade, a long summer bloomer, 3½ ft. June - July - August \$2.00.

LINDA— (Stout) Fascinating rose pink, petals creped, Golden lightly washed rose sepals clear cream, blooms thru summer, 2½ ft. \$1.00 (D).

***MARGARET PERRY— A persistent bloomer of brilliant rose-red and buff orange lined with yellow, a fast multiplier, 4 ft. Summer, 35c. (D)

***MARY GUENTHER — (Russell) I know of no day lily that makes the flash of this one in the garden, the rich velvety carmine petals and soft clear yellow sepals makes a sparkle that amazes visitors. 3 ft. April-May-June. \$2.00. (E)

MIKADO— (Stout) A mellow orange with dark red purple eyezone in each petal. Not one of the newer ones but still in demand. 3 ft. May-June, 50c (E)

MINNIE— (Hayward) A snappy mahogany almost crimson color one to brighten the garden. 3 ft. (D) \$2.50.

*MONARCH— (Stout) Lemon yellow of attractive shape, stays open in evening, 3 ft. (D) \$1.50

OLD PAINT— (Russell) A fast grower blooms June-July and fall, Petals a very bright mahogany red with almost black eyezone, sepals are deep yellow overcast mahogany. Exceptionally well burnched, 3 ft. \$2.00 (E).

***OLD VINTAGE— (Russell) Tall wine purple yellow throat, a heavy bloomer of nice size flowers, April - May, \$2.00.

OPHER— (Farr) A well pleasing golden yellow, Plant this one in that spot needing life and color. 4 ft. May - June, 35c.

ORANGE KING— An old favorite summer bloom-

er 25c.

PATRICIA— (Stout) A clear even tone of pale yellow with greenish throat, a charming flower with pronounced fragrance, 3ft. Summer, \$1.00 (E).

PORT— (Stout) A bright red flower that catches the eye quickly, an excellent foreground plant 2½ ft. Summer bloomer \$2.00, (Semi E).

***PRIDE OF HOUSTON— (Russell) A brilliant flower of mahogany red, increases rapidly and gives a mass of blooms, 3 ft. (E) \$2.00.

*PURPLE FLASH— (Russell) This one is outstanding and different both in form and color of bloom. The petals are purple with a deep purple eyezone, sepals yellow overcast with purple. The petals have an odd pinched effect so different, they bloom until frost in this section, 3 ft. \$3.00 (E).

***PURPLE WATERS— (Russell) This is the one purple that stands the hot sun all day and still looks good at sunset, the wide overlapping petals makes it an ideal one for the garden, it increases very rapidly. I recommend planting in full sun. 3 ft. April - May, \$2.00.

ROSY DAY— (Nies) A tall all summer bloomer, undercolor light yellow, edges lightly washed with rosy pink, 4 ft. \$2.00 (E).

SACHEM— (Stout) The reddish brown blooms are exceptionally fine with the light orange throat making a fine combination. Summer, 3½ ft. \$1.50 (E).

***SANTA FE— (Russell) Twisted rosy red petals, deeper rose eyezone, sepals overlaid with rose tint. A good bloomer and increases fast, June - July (E) \$2.00.

SEMINOLE CHIEF— (Mrs. Hill & Lester of Atlanta) Blooms of a fine form, A cherry red which is attractive. Midsummer, 3½ ft. \$2.00 (D).

***SEVEN SEAS— (Russell) Petals a soft rosy brown, sepals lighter, a heavy bloomer of large flowers 4 ft. April - May - June. \$2.00 (D).

***SPITFIRE— (Russell) Well named, a foreground specimen, snappy red medium size blooms and many of them, a light orange midrib adds to it's brilliancy, Blooms several times during the season. 2 ft. \$2.00 (E).

SUNNY WEST— (Sass) Waxy texture of canary color remains open late July, 4 ft. 50c.

*SWEET BRIAR— (Nesmith) The breeder's description is worthy of quoting "Lustrous flowers, larger in size and much better formed and branched than Fulva Rosea. The fresh pink petals and sepals are well reflexed showing delicate yellow cup. The perfection of form of the flowers lends added charm to this lovely hemerocallis." 3½ ft. \$5.00.

*SYLVIA— (Russell) Large rosy-pink blooms, deeper pink eyezone, sepals are yellow, May - June. \$2.50 (D).

THERON— (Stout) One of the deepest red of the Dr. Stout varieties, The twisted petals makes this one outstanding. 3 ft. June - July. \$2.00 (D).

TRADE WINDS— (Russell) An outstanding one of this shade of pastel cream, a good bloomer. 3½ ft. May - June. \$2.00 (D).

VULCAN— (Stout) Even toned light velvety maroon with faint gold brown midrib, medium size

blooms with golden throat, July - August, \$1.50 (E).

***WAR PATH— (Russell) An outstanding red, wide petals which open wide and are recurved, this is the answer to a real good red that stands the hottest days and looks fresh at sunset, April - May & Fall \$3.00 (E).

Please note— Orders of less than \$2.00 please add 25c for postage and packing.

Surplus Hemerocallis and Giant Hybrid Amaryllis seed from our many crossings \$1.00 per 100. Amaryllis bulb ready in October.
